

Specifications for Polyester Polyol

Parameter	Value
Molecular Formula	--
Mol Wt	--
CAS #	--
Description	Clear Colourless liquid
Hydroxyl #	420 – 450
Acid #	1.5 max
Colour (APHA)	250 max
Moisture in ppm	Report
Viscosity at 25 deg cel in cps	Report

Uses

Industry	Application
Polymer	In mfr of PolyU foams In mfr of cast elastomers In curing of epoxy resins
Adhesives	As resin / hardener
Coatings	As resin in paint formulations cured by radiation
Colourants	In pigment dispersions
Textile	In mfr of textile foams
